

# Educating Future Texas Bankers

## Sam Houston State University and Texas A&M University Matching Gifts Fund

Texas is fortunate to have two universities that are dedicated to educating future Texas bankers. Sam Houston State University is the first and only university in the country that offers AACSB accredited undergraduate and graduate degree programs in banking and financial institutions. Texas A&M University recently established the Commercial Banking Program in the Department of Finance that offers an internship program, which combines industry experience and professional mentorship.

To support these programs and the future of the industry, the Texas Bankers Foundation will match up to \$250,000 in donations for each program. One hundred percent of donations will go directly to the program(s) you choose. Corporate and personal donations are accepted and are tax deductible.
