

Texas Bankers Global Forum

November 9-11, 2025
London, England

SPONSOR OPPORTUNITIES

A WORLD CLASS PROGRAM FOR TEXAS COMMUNITY BANKERS

TEXAS BANKERS GLOBAL FORUM

November 9-11, 2025
London, England

THE AGENDA

EVOLVING PAYMENT SYSTEMS

With the recent passage of the GENIUS Act — the new stablecoin regulatory framework signed into law by President Trump — digital assets are reshaping the global payments landscape. What are the implications for community banks and traditional payment methods like credit cards and international remittances?

CYBERSECURITY

The Texas Bankers Association operates the nation's first statewide banking ISAO, combating cyber attacks and fraud attempts on Texas banks from all over the world. As threat actors evolve, we'll explore common cybersecurity challenges facing U.S. and UK banks, shifting attack vectors and how cross-border collaboration can counter transnational financial crime and emerging risks.

GLOBAL ROLE OF TEXAS BANKS

Texas is experiencing rapid growth across energy, tech, manufacturing and agriculture — supported by TBA member banks valued at nearly \$2 trillion in assets. With a prominent role in the global economy, how can our banks expand international business and investment partnerships to further benefit their customers and the economy of Texas?

LEADERSHIP

Strong leadership and sound decision-making remain vital in today's risk-laden environment. Engage with top British leaders and hear insights on executive leadership, governance and the evolving global political landscape.
